Physical/Personality description

¿Dónde Está Tito?

We will begin this unit with a story about Tito el Tigre. Tito is a tiger and he is our main character's best friend. One day he goes missing, which makes his best friend very sad. The main character makes a Missing poster and goes to several places to look for Tito. Along the way we are introduced to different characters that our character meets in his/her search for Tito. Will Tito ever be found?

Soy Yo

After listening to the story, we will use the vocabulary we've learned to answer the question *Who am I?* We will do several activities in class where we practice using the vocabulary to present and communicate information. Towards the end of the unit we will do also do some interactive Centers that give us the opportunity to communicate with the language in authentic situations.

Our Goals

As always, our unit goals focus on the ability to interpret, communicate, and present with the language. Here is a list of our goals for the unit:

1. I can introduce myself.
2. I can describe myself.
3. I can communicate where I live.

At the end of the unit, we will perform several communicative activities to demonstrate how well we've met these goals.

How to Practice at Home

A great way for students to practice at home is to share things they've learned in class. I will be posting weekly updates to our 1st Grade class blog to let you know about activities we've been doing in class. My site (rlsspanish.weebly.com) is also a great resource!
