

RLS Elementary Spanish

Identity

Who am I? What do I like?

Qué Hacemos en Clase?

What are we doing in class?

iQuiero Bailar!

We will begin this unit with a story about a fun girl who likes music. She loves to dance and wants to find someone who will dance with her. During the story the girl will visit several places and meet different people. We will learn about these characters along the way as she tries to find someone to dance with. Will she find someone who loves to dance as much as she does?

Soy Yo

After listening to the story, we will use the vocabulary we've learned to answer the questions *Who am I?* and *What do I like?*. We will do several activities in class where we are able to practice using the vocabulary to present and communicate information. Towards the end of the unit we will do also do some interactive Centers that give us the opportunity to communicate with the language in authentic situations.

Our Goals

As always, our unit goals focus on the ability to interpret, communicate, and present with the language. Here is a list of our goals for the unit:

1. I can introduce myself.
2. I can describe myself.
3. I can communicate where I live.
4. I can communicate my age.
5. I can describe what I like and don't like to do.

At the end of the unit, we will perform several communicative activities to demonstrate how well we've met these goals.

How to Practice at Home

A great way for students to practice at home is to share things they've learned in class. I will be posting weekly updates to our 3rd Grade class blog to let you know about activities we've been doing in class. My site (rlsspanish.weebly.com) is also a great resource! I am constantly updating the site so be sure to check frequently!
